

**STATEMENT**

The European ROHS directive 2011/65/EU restricts the use of hazardous substances in electrical and electronic equipment.

The ROHS legislation available at;

[http://ec.europa.eu/environment/waste/rohs\\_eee/index\\_en.htm](http://ec.europa.eu/environment/waste/rohs_eee/index_en.htm).

In Annex II of the 2011/65/EU directive the following restricted substances with their maximum concentration values tolerated by weight in homogeneous materials are defined:

- Lead (0.1 %)
- Mercury (0.1 %)
- Cadmium (0.01 %)
- Hexavalent chromium (0.1 %)
- Polybrominated biphenyls (PBB) (0.1 %)
- Polybrominated diphenyl ethers (PBDE) (0.1 %)

To the best of our knowledge, based on supplier part and material declarations, none of the products we produce for our customers contain any of the RoHS substances by weight in homogeneous materials above the maximum concentration values defined in Annex II of the ROHS directive 2011/65/EU.

Spark Holland will continue to monitor its suppliers and prevent ROHS substances to enter our products.

Issued on behalf of Spark Holland BV by:

H.P. Karman  
QA & Compliance Manager
